Since the presence of the substance at nanoscale could not be expected under normal conditions, their absence **has not been detected by tests**.

Although the above-mentioned substances are not intentionally added, this does not exclude the presence of traces due to (among others) impurities in the components supplied by third parties and used in our production facilities.

This declaration has been prepared and issued on the basis of currently applicable Laws and Regulations and our best knowledge and expertise currently available; the addressee or recipient is advised to regularly request updates hereof. This Declaration replaces all previous ones relating to this subject.

The General Sales Terms & Conditions of the entity selling this product, apply to and are part of all our quotations, offers, agreements, sales, deliveries and all other similar dealings, unless explicitly agreed otherwise by means of a duly and mutually perfected document.

This information holds for the material as it leaves its production facilities and does not include any additive, subsequently added by the converter or processing steps undertaken by any other Third Party.
